

Quran Academy Ad Checklist

12+ things every academy needs before spending a rupee on ads

By Sohaib Mehmood | meetsohaib.com

BEFORE YOU RUN ADS

- ☐ Define ONE clear goal (e.g. free trial-class bookings) - not just 'awareness'
- ☐ Know your ideal family: country, language, child's age, budget
- ☐ Send traffic to a dedicated landing page - not your homepage or a raw WhatsApp link
- ☐ Set up Meta Pixel / conversion tracking so you can actually measure results

YOUR LANDING PAGE

- ☐ One headline naming the outcome ('Get your child reading Quran fluently')
- ☐ A free trial-class offer with a short form (name + WhatsApp)
- ☐ 2-3 real parent testimonials with names
- ☐ Teacher credentials / ijazah shown clearly
- ☐ Loads fast on mobile (under ~3 seconds)

YOUR ADS

- ☐ Video or image of a real teacher/student - not stock photos
- ☐ Copy that speaks to the parent's hope (faith-rooted, future-ready)
- ☐ One clear call to action: 'Book a free trial class'
- ☐ Retargeting set up for visitors who didn't book

MEASURE & IMPROVE

- ☐ Track cost per trial booking against a target
- ☐ Turn off losing ads weekly; scale the winners
- ☐ Follow up every inquiry on WhatsApp within 1 hour
